Photographs and

Memories

For everything there is a season,
and a time for every matter
under heaven:
a time to be born, and a time to
pluck up what has been
planted;
a time to kill, and a time to heal;
a time to weep, and a time to
laugh;
a time to mourn, and a time to
dance;
a time to embrace, and a time to
not embrace;
a time to seek, and a time to lose;
a time to keep silence, and a time
to speak;
a time to love, and a time to hate;
a time for war, and a time for
peace.

Life is a journey and not a home; a road, not a city of habitation. And the enjoyments and blessings we have along the way are but little inns on the roadside, where we may be refreshed for a moment, that we may with new strength press on to the goal.

You will meet today ten men or women; perhaps twenty or perhaps a hundred. Every one of them will have his or her day brightened or darkened by the tone and manner of your greeting. You can put a little more spring into the step and a little more joy into the heart of every one of them by a cheerful salutation.

Every worthwhile accomplishment, big or little, has its stages of drudgery and triumph; a beginning, a struggle, and a victory.

A few wise friends with whom to counsel, a few good books to read and absorb, and with courage and faith we are well equipped for the facing of life's difficulties and disappointments as its pleasures and successes.

Lives are made of chapters. After one is written it cannot be revised, but we can write a new chapter with each new day.

How about tomorrow?
The end of the fourth year – and the end of many frustrations.
A lot of work goes into earning a diploma. It's something to be proud of.
It is also a symbol of a new beginning. The time for a new search. A search for a job or more education, a place to work and live.
Whatever you decide, you are about to enter a different universe.
If you decide to work for a company, choose one you can become a part of – a company whose corporate ideas of right and wrong, whose reputation in the community compliment you.
Choose a company whose products or services contribute to the betterment of mankind. One that will allow you to make the best of your own capabilities.
It's not easy to find the right place. But the search can be worth the effort.
